What Clients are Saying

Attorneys, accountants, executives from major corporations, managers, owners, developers, real estate management companies, manufacturers, small businesses and private property owners have chosen Florida Property Tax Service to work with taxing authorities on their behalf.

"We have been dealing with FPTS for the past five years and have found them to be professional, knowledgeable and easy to deal with. They are also reasonably priced and very effective in dealing with the taxing authorities. I have dealt with several other services in the past and believe FPTS is the best I have come across."

John Petersen
Flagler Holding Group

"FPTS provided us with valuable knowledge and services to help us minimize an overstated tax liability. We recommend getting them involved early."

Lambert Jacobs
Security Plastics

"Quick, painless, effective. Count me as a satisfied customer. See you again next year."

John Hall
Ludovici & Orange

"Florida Property Tax Service has been representing us since 1990. Having a diverse real estate portfolio worth more than \$600 million, choosing the best real estate tax advisor is critical to our bottom line. FPTS has delivered strong results for us year after year and that is why we continue using their services and referring clients to them."

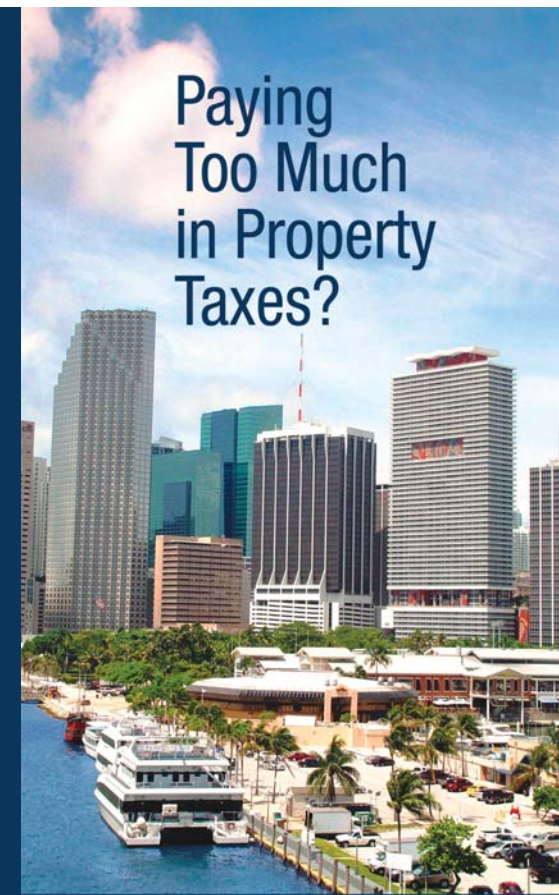

Inigo Ardid
Key International

"Last year, I retained FPTS to lower my property tax bill. Even though it was evident that it was going to be a far shot to obtain any property tax reduction, I was very impressed with the effort the entire staff put forth to present a case. I received a reduction in my Tangible tax, but more importantly I established a relationship with a professional organization that I can count on to diligently represent me."

NO RESULTS - NO FEE!

Saving Millions for Our Clients Every Year

Our Approach

Innovative • Thorough • Effective

WHAT WE DO

We prepare for your appeal through an intensive research process, producing straightforward but highly effective presentations specifically tailored to each individual property. Mirroring the county's assessment practices, FPTS combines comprehensive research capabilities and advanced technology with creative and innovative techniques to build a solid and convincing case for assessment reductions.

HOW WE DO IT

- Review and analyze your property
- Obtain current and past assessment information
- Determine current assessment method
- Obtain necessary property information
- Prepare and file petitions
- Perform field inspections
- Analyze comparable market sales and income values of property
- Analyze cost approach
- Consult the county assessors
- Prepare pictures, aerials, site layouts and value data for presentation to the Value Adjustment Board
- Appear before the Value Adjustment Board
- Handle all correspondence with the Property Appraiser's office
- Assist in obtaining refunds and/or legal counsel in the event you decide to seek legal remedy

Are you paying too much in property taxes?

While the expectation is that property appraisals should result in fair and accurate tax assessments, the truth is the mass appraisal process is subject to errors. Too often, important factors inherent to individual properties are overlooked, causing overvaluation, resulting in unjustifiably high taxes.

We can save you money. Florida Property Tax Service (FPTS) specializes in reducing property taxes on commercial, industrial and multi-family properties. Our success in securing lower property taxes for you is a direct result of our deliberate, proprietary case preparation methods, our understanding of the assessment process and our communication with county officials. FPTS is expert at recognizing typical over-assessment situations and uncovering potential opportunities and strategies to save you money.

25+ Years of Experience

Your time is valuable - let us do the work. FPTS has been in the business of reducing real estate and tangible personal property taxes since 1984, handling more than \$9 billion in real estate in Florida last year alone. FPTS consistently attains property tax reductions at a rate that outperforms the county-wide industry average.

Our Services
